

The harvest has failed. The famine has come.

Kenya, Uganda and Tanzania have been hit by their third failed harvest. 10 million people are already suffering famine.

Mothers' Union is there, feeding desperate families. We urgently need funds.

Challenge your family, church or school to feed an East African community in serious need. £100 buys 2,500 kgs of maize. But any donation will help. The need is critical. Please respond.
