

## Hand in Hand: Enjoying faith as a family

This resource is intended both for those parents who already have a strong faith and desire to nurture this in their children, and for those who feel less certain.

The Booklet comprises a number of sections which:

- Connect us with a God who is love and who loves us daily.
- Offer practical ways in which to share family spirituality.
- Help us enjoy finding faith in our families.
- Celebrate the wonder of life in good times and bad.
- Help us to find out more about the Bible together.
- Enable us to develop our personal and family faith.

As well as being a stand alone resource (it could be a good Baptismal present) it would also work well with a parents' group who want to explore how they experience faith in their family.

Accompanying the booklet there are downloadable practical ideas to help families enjoy faith together, available on the Mothers' Union website [www.themothersunion.org](http://www.themothersunion.org).
